INDEPENDENT AUDITOR'S REPORT

To the Members of

Savant Infocomm Limited

Report on the Standalone Financial Statements

We have audited the accompanying financial statements of SAVANT INFOCOMM LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2018 and the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

The Company has provided requisite disclosures in the financial statements as to holdings as well as dealings in Specified Bank Notes during the period from 8th November, 2016

to 30th December, 2016. Based on audit procedures and relying on the management representation we report that the disclosures are in accordance with books of account maintained by the Company and as produced to us by the Management

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2018 and its loss and its cash flows for the year ended on that date.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
 - c) The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under section 133 of the Act, read with rules 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of written representations received from the directors as on March 31, 2018, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2018, from being appointed as a director in terms of section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls refer to our separate report in "Annexure B";

- v. The Company has not accepted any deposits from the public.
- vi. The Central Government has not prescribed the maintenance of records under section 148(1) of the Act, for any of the services rendered by the company.
- vii. (a) According to the records of the company, undisputed statutory dues including Provident Fund, Investor Education and Protection Fund, Employees' State Insurance, Income-tax, Sales-tax, Wealth Tax, Service Tax, Custom Duty, Excise Duty, cess to the extent applicable and any other statutory dues have generally been regularly deposited with the appropriate authorities. According to the information and explanations given to us there were no outstanding statutory dues as on 31st of March, 2018 for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us, there is no amounts payable in respect of income tax, wealth tax, service tax, sales tax, customs duty and excise duty which have not been deposited on account of any disputes.
- viii. The company does not have any loans or borrowings from any financial institution, banks or debenture holders during the year. Accordingly, Para 3(viii) of the Order is not applicable.

- ix. The company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Accordingly para 3(ix) of the Order is not applicable.
- x. Based on the audit procedures performed and the information and explanations given to us, no material fraud on or by the Company has been noticed or reported during the year, nor have we been informed of such case by the management.
- xi. According to the information and explanations give to us and based on our examination of the records of the Company, the company has not provided managerial remuneration to any of its directors, hence para 3(xi) of the Order is not applicable.
- xii. In our opinion and according to the information and explanations given to us, the Company is not a nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable.
- xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- xiv. According to the information and explanations give to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.

Annexure-B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Savant Infocomm Limited ("the Company") as of 31 March 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, having regard to the size of the Company and its operation, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India

Summary of the significant accounting policies and other explanatory information for the year ended 31 March 2018

1 SIGNIFICANT ACCOUNTING POLICIES:

1.1 Basis of preparation and presentation:

These Financial Statements have been prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for

- (i) **Certain financial assets and liabilities measured at fair value,**
- (ii) **Defined benefit plans - plan assets measured at fair value.**

The Financial Statements of the Company have been prepared to comply with the Indian Accounting Standards ('Ind-AS') notified under Companies (Indian Accounting Standards) Rules, 2015 read with section 133 of the Companies Act, 2013 Upto the year ended 31 March 2017, the Company has prepared its financial statements in accordance with the requirement of Indian GAAP, which includes Standards notified under the Companies (Accounting Standards) Rules, 2006 and considered as "Previous GAAP". These financial statements are the Company's first Ind AS compliant financial statements and are covered by Ind AS 101 - First time adoption of Indian Accounting Standards. The date of transition to Ind-AS is 01 April 2016. Refer Note. 24 for the details of first time adoption exemptions availed by the Company and reconciliation of the reserves on transition date and the loss for the previous year as per Ind-AS and previous GAAP.

1.2 Standard issued effective from current period:

Following amendments are applicable to the Company from 01 April 2017.

- (i) arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities, to meet the disclosure requirement.
- (ii) Amendment to Ind AS 102: The amendment to Ind AS 102 provides specific guidance to measurement of cash-settled awards, modification of cash-settled awards and awards that include a net settlement feature in respect of withholding taxes. Since the Company does not have cash settled share based payments, this amendment will not have any impact on the financial statements of the Company.

1.3 Standard issued but not yet effective:

- (i) Ind-AS 115 - Revenue from contracts with customers issued vide notification dated 28 March 2018, would be effective from financial year beginning 01 April 2018 and supersedes all existing revenue requirements in Ind-AS 11, 'Construction Contracts' and Ind-AS 18, 'Revenue'. According to the new standard, revenue is recognized to depict the transfer of promised goods or services to a customer in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Ind-AS 115 establishes a five step model that will apply to revenue earned from a contract with a customer (with limited exceptions), regardless of the type of revenue transaction or the industry. Extensive disclosures will be required, including disaggregation of total revenue; information about performance obligation; changes in contract asset and liability account balances

between periods and key judgments and estimates. The standard permits the use of either the retrospective or cumulative effect transition method. The Company is currently assessing the impact of adopting Ind-AS 115 on the financial statements.

- (ii) Amendments to Ind-AS 40, 'Investment Property', Ind-AS 21, 'The effects of changes in Foreign Exchange Rates', Ind-AS 12, 'Income Taxes', Ind-AS 28 'Investments in Associates and Joint Ventures' and Ind-AS 112 'Disclosure of Interest in Other Entities' are effective from financial year beginning 01 April 2018. These amendments does not apply to company.

1.4 Current non-current classification:

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- (i) expected to be realised or intended to be sold or consumed in normal operating cycle,
- (ii) held primarily for the purpose of trading,
- (iii) expected to be realised within twelve months after the reporting period,
- (iv) cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period, or
- (v) carrying current portion of non current financial assets.

All other assets are classified as non-current.

A liability is current when:

- (i) it is expected to be settled in normal operating cycle ;
- (ii) it is held primarily for the purpose of trading ;
- (iii) it is due to be settled within twelve months after the reporting period,
- (iv) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period, or
- (v) It includes current portion of non current financial liabilities.

All other liabilities are classified as non-current.

5 Operating cycle

All assets and liabilities have been classified as current and non-current as per the company's normal operating cycle and other criteria set out above which are in accordance with the schedule III to the Act. Based on the nature of services and time between the acquisition of assets for providing of services and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current / non-current classification of assets and liabilities.

1.6 Property Plant and Equipment:

The Company has applied for the one time transition exemption of considering the carrying cost on the transition date i.e. 01 April 2016 as the deemed cost under Ind AS. Hence regarded thereafter as historical cost.

Freehold land is carried at cost. All other items of property, plant and equipment are stated at cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Depreciation is provided under the "written down value" method at the rates and in the manner prescribed in Part C of Schedule II to the Companies Act, 2013, over their useful life., and management believe that useful life of assets are same as those prescribed in Part C of Schedule II to the Act.

Useful life considered for calculation of depreciation for various assets class are as follows-

Asset Class	Useful Life
Office Building	60 years
Furniture and Fixtures	10 years
Office Equipment	5 years
Computers	3 years
Vehicles	10 years

The Property, plant and equipment residual values, useful lives and method of depreciation are reviewed, and adjusted if appropriate, at the end of each reporting period.

Gains and losses arising from derecognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the assets and are recognised in the Statement of Profit and Loss, when the asset is derecognised.

An property, plant and equipment carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

1.7 Investments and other financial assets:

Initial recognition

In the case of financial assets, not recorded at fair value through profit or loss (FVPL), financial assets are recognised initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories

(a) Financial Assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding. Interest income from these financial assets is included in finance income using the effective interest rate ("EIR") method. Impairment gains or losses arising on these assets are recognised in the Statement of Profit and Loss.

(b) Financial Assets measured at fair value

Financial assets are measured at fair value through other comprehensive income (FVOCI) if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in the Statement of Profit and Loss.

Financial assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss.

Impairment of Financial Assets

In accordance with Ind AS 109, the Company applies the expected credit loss ("ECL") model for measurement and recognition of impairment loss on financial assets and credit risk exposures.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. Simplified approach does not require the Company to changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the

lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL impairment loss allowance (or reversal) recognised during the period is recorded as expense/ income in the Statement of Profit and Loss.

De-recognition of Financial Assets

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity.

If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

Equity investments

All equity investments in the scope of Ind AS 109, Financial Instruments, are measured at fair value. For equity instruments, the Company may make an irrevocable election to present the subsequent fair value changes in Other

Comprehensive Income (OCI). The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. There is no recycling of the amounts from OCI to profit or loss, even on sale of investment. Equity instruments included within the FVTPL (fair value through profit and loss) category are measured at fair value with all changes in fair value recognized in the profit or loss

1.8 Financial Liabilities

Initial Recognition

Financial liabilities are classified, at initial recognition, as financial liabilities at FVPL, loans and borrowings and payables as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement

Financial liabilities at FVPL

Financial liabilities at FVPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as FVPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Financial liabilities at amortised cost

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the Statement of Profit and Loss.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

Where the terms of a financial liability is re-negotiated and the Company issues equity instruments to a creditor to extinguish all or part of the liability (debt for equity swap), a gain or loss is recognised in the Statement of Profit and Loss; measured as a difference between the carrying amount of the financial liability and the fair value of equity instrument issued.

De-recognition of Financial Liabilities

Financial liabilities are de-recognised when the obligation specified in the contract is discharged, cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

1.9 Fair value measurement

The Company measures financial assets and financial liability at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable. For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's Valuation team determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement

1.10 Impairment of non-financial assets

Assessment is done at each Balance Sheet date to evaluate whether there is any indication that a non-financial asset may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset/cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to their recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. A previously recognised impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

1.11 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Group or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

A contingent asset is disclosed, where an inflow of economic benefits is probable. An entity shall not recognize contingent asset unless the recovery is virtually certain.

1.12 Borrowing costs

General and specific borrowing costs directly attributable to the acquisition/ construction of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time the assets are substantially ready for their intended use. All other borrowing costs are recognised as an expense in Statement of Profit and Loss in the period in which they are incurred.

1.13 Recognition of income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established.

1.14 Employee benefits

a) Short term employee benefits

Short term employee benefits are recognised as expenditure at the undiscounted value in the statement of profit and loss of the year in which the related service is rendered.

b) Post employment benefits

i) Defined contribution plan

The Company's contribution to Provident Fund and Employees State Insurance Scheme is determined based on a fixed percentage of the eligible employees' salary and charged to the Statement of Profit and Loss on accrual basis. The Company has categorised its Provident Fund, labour welfare fund and the Employees State Insurance Scheme as a defined contribution plan since it has no further obligations beyond these contributions.

ii) Defined benefits plan

The Company's liability towards gratuity, being a defined benefit plan are accounted for on the basis of an independent 'actuarial valuation based on Projected Unit Credit Method.

Service cost and the net interest cost is included in employee benefit expense in the Statement of Profit and Loss. Actuarial gains and losses comprise experience adjustments and the effects of changes in actuarial assumptions and are recognised immediately in 'other comprehensive income' as income or expense.

ii) **Compensated absences**

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end. The Company's liability is actuarially determined (using the Projected Unit Credit method)

1.15 Income Tax

Income tax expense comprises current tax, deferred tax charge or credit. The deferred tax charge or credit and the corresponding deferred tax liability and assets are recognized using the tax rates that have been enacted or substantially enacted on the Balance Sheet date.

Deferred Tax assets arising from unabsorbed depreciation or carry forward losses are recognized only if there is virtual certainty of realization of such amounts. Other deferred tax assets are recognized only to the extent there is reasonable certainty of realization in future. Deferred tax assets are reviewed at each Balance Sheet date to reassess their reliability.

1.16 Cash and cash equivalents

Cash and cash equivalents includes cash in hand and deposits with any qualifying financial institution repayable on demand or maturing within three months from the date of acquisition and which are subject to an insignificant risk of change in value.

1.17 Earnings per share

Basic earnings per share (EPS) is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted EPS is computed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the year.

1.18 Significant management judgements in applying accounting policies and estimation uncertainty

When preparing the financial statements, management makes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Impairment of non-financial assets

In assessing impairment, management estimates the recoverable amount of each asset or cash-generating unit based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate.

Depreciation and useful lives of property, plant and equipment

Property, plant and equipment are depreciated over the estimated useful lives of the assets, after taking into account their estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation to be recorded during any reporting

period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation for future periods is adjusted if there are significant changes from previous estimates.

Recoverability of trade receivable

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

Provisions

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability require the application of judgement to existing facts and circumstances, which can be subject to change. Since the cash outflows can take place many years in the future, the carrying amounts of provisions and liabilities are reviewed regularly and adjusted to take account of changing facts and circumstances.

Defined benefit obligation (DBO)

Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Fair value measurement of financial instruments

Management uses valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management bases its assumptions on observable data as far as possible but this is not always available. In that case management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

Material uncertainty about going concern:

In preparing financial statements, management has made an assessment of Company's ability to continue as a going concern. Financial statements are prepared on a going concern basis. The Management is aware, in making its assessment, of material uncertainties related to events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern. Further details on going concern are disclosed in Note No. 26

- During the periods mentioned above, there have been no transfers amongst the levels of hierarchy.

- The carrying amounts of security deposits, other financial assets, fixed deposits with banks, current borrowings, trade payables and other current financial liabilities are considered to be approximately equal to their fair value, since those are current in nature.

Valuation process

The Company evaluates the fair value of financial assets and financial liabilities on periodic basis using the best and most relevant data available.

Note - 14. Financial risk management objectives and policies

The Company's principal financial liabilities, comprise borrowings, trade and other payables. The main purpose of the significant portion of these financial liabilities is to finance the dues towards arrears of electricity charges, demurrage charges and

other routine expenditure of the Company. The Company's principal financial assets include security deposits, cash and cash equivalents and other financial assets. The Company is exposed to market risk and liquidity risk. Company's senior management oversees the management of these risks. It is Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors review and agree policies for managing each of these risks, which are summarised below.

a) Market risk

Market risk is the risk of any loss in future earnings, in realisable fair value or in future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of change in the interest rates, liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.

Interest rate sensitivity

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Company does not have significant exposure to the risk of changes in market interest rates as Company's long-term debt obligations is at fixed interest rates.

b) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. For the Company, liquidity risk arises from obligations on account of financial liabilities – borrowings, trade payables and other financial liabilities.

Liquidity risk management

Company's treasury department is responsible for liquidity and funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

The table below summarises the maturity profile of Company's financial liabilities based on contractual undiscounted payments.

As at 31 March 2018

(Amount in Rs.)

Particulars	On demand	Less than 6 months	6 to 12 months	1 to 5 years	Beyond 5 years	Total

Borrowings	82,22,697.16	-	-	-	-	82,22,697.16
Other financial liabilities		-	-	-		-
Trade payables		-				-

c) Credit risk

Credit risk arises from cash and bank balances, current and non-current financial assets, trade receivables and other financial assets carried at amortised cost.

Credit risk management

To manage credit risk, the Company periodically assesses the financial reliability of other counterparties, taking into account the financial condition and current economic trends. Individual risk limits are set accordingly.

Bank balances are held with only high rated banks. However, the balances held with banks are not material.

24. Capital management

Risk management

The Company's objectives when managing capital are to

- safeguard their ability to continue as a going concern, and
- maintain an optimal capital structure to reduce the cost of capital.

Note -15 First time adoption of Ind AS

A First Ind AS Financial statements

These are the Company's first financial statements prepared in accordance with Ind AS.

The Company has adopted Indian Accounting Standards (Ind AS) notified by the Ministry of Corporate Affairs with effect from 01 April 2017, with a transition date of 01 April 2016. Ind AS 101-First-time Adoption of Indian Accounting Standards requires that all Ind AS standards and interpretations that are issued and effective for the first Ind AS financial statements which is for the year ended 31 March 2018 for the company, be applied retrospectively and consistently for all financial years presented. Consequently, in preparing these Ind AS financial statements, the Company has availed certain exemptions and complied with the mandatory exceptions provided in Ind AS 101, as explained below. The resulting difference in the carrying values of the assets and liabilities as at the transition date between the Ind AS and Previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity).

Set out below are the Ind AS 101 optional exemptions availed as applicable and mandatory exceptions applied in the transition from previous GAAP to Ind AS.:

i Optional exemptions availed

Deemed cost

Since, there is no change in the functional currency of the Company, it has opted to continue with the carrying values measured under the previous GAAP and use that carrying value as the deemed cost for property, plant and equipment on the date of transition.

Designation of previously recognised financial instruments

“Ind AS 101 allows an entity to designate investments in equity instruments at FVTPL on the basis of the facts and circumstances at the date of transition to Ind ASs. Company has elected to apply this exemption for its investment in equity instruments.

ii Mandatory exceptions applied

Estimates

The estimates as at 1 April 2016 and 31 March 2017 are consistent with those made for the same dates in accordance with previous GAAP (after adjustment to reflect differences if any, in accounting policies) apart from the following items where the application of previous GAAP did not require estimation:

- (i) Impairment of financial assets based on the expected credit loss model; and
- (ii) Investments in equity instruments carried as FVPL or FVOCI.

The estimates used by the Company to present the amounts in accordance with Ind AS reflect conditions that existed at the date on transition to Ind AS.

De-recognition of financial assets and liabilities

Ind AS 101 requires a first-time adopter to apply the de-recognition provisions of Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. However, Ind AS 101 allows a first-time adopter to apply the de-recognition requirements in Ind AS 109 retrospectively from a date of the entity's choosing, provided that the information needed to apply Ind AS 109 to financial assets and financial liabilities derecognised as a result of past transactions was obtained at the time of initially accounting for those transactions. The Company has applied the de-recognition provisions of Ind AS 109 prospectively from the date of transition to Ind AS.

Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

iii Transition to Ind AS - Reconciliations

The following reconciliations provide a quantification of the effect of significant differences arising from the transition from previous GAAP to Ind AS as required under Ind AS 101:

- a) Reconciliation of Total Comprehensive Income for the year ended 31 March 2017
- b) Reconciliation of Equity as at 01 April 2016 and as at 31 March 2017
- c) Adjustments to Statement of Cash Flows

Note - 16. i (a) Reconciliation of Total Comprehensive Income for the year ended 31 March 2017

Particulars	Note	Year ended 31 March 2017 (Amount in Rs.)
Net profit for the period under erstwhile Indian GAAP		(20,98,454)
Unwinding of discount	A1	10,72,526
Re-classification of actuarial loss on defined employee benefit obligations	A2	-
Net profit for the period under Ind AS		(10,25,929)
Other comprehensive income (net of tax)	A3	-
Total comprehensive income		(10,25,929)

16. i(b) Reconciliation of Equity as at 01 April 2016 and as at 31 March 2017

Particulars	Note	As at 31 March 2017	As at 01 April 2016
Equity under erstwhile Indian GAAP		(1,05,78,383)	(95,52,456)
Unwinding of discount	A1	26,51,820	37,24,346
Equity under Ind AS		(79,26,563)	(58,28,110)

16. i (c) Adjustments to Statement of Cash Flows for the year ended 31 March 2017 -

All the adjustments on account of Ind AS are non - cash in nature and hence, there is no material impact on the cash flows in the cash flow statement.

A.1 Finance cost de-recognised/recognised based on effective interest cost

Previous GAAP - Transaction costs were charged to Statement of Profit or Loss as and when incurred.

Ind AS - Ind AS 109 requires transaction costs incurred towards origination of borrowings to be deducted from the carrying amount of borrowings on initial recognition. These costs are recognised in the Statement of Profit or loss over the tenure of the borrowing as part of the interest expense by applying the effective interest rate method.

Accordingly borrowings as at 01 April 2016 has been reduced by ₹ 3,724,345. with a corresponding adjustment to retained earnings. The total equity increased by an equivalent amount.

Profit for the year ended 31 March 2017 reduced by ₹ 2,651,820.

A.2 Under Ind AS, all items of income and expense recognised in period should be included in profit or loss for the period, unless a standard requires or permits otherwise. Item of income and expense that are not recognised in profit or loss but are shown in Statement of Profit and Loss as "Other comprehensive income" includes remeasurements of defined benefit plans. The concept of other comprehensive income did not exist under previous GAAP.

SIL/2018-19/AH-83

Date : 23rd August, 2018

Dear Sir/Madam,

Subject:-Updating the necessary KYC details of first registered and/or joint holders.

We refer to the SEBI circular no. SEBI/HO/MIRSD/DOP1/CIR/P/2018/73 dated 20th April, 2018, where in SEBI has directed all listed Companies to record the PAN and BANK ACCOUNT details of all their shareholders holding shares in physical mode through their RTA. A copy of the said circular can be accessed at www.sharexindia.com => Downloads => RTA => KYC. Accordingly your Company has initiated steps for registering the PAN details of all the shareholders (including joint holders, if any) and the BANK ACCOUNT details of the registered shareholders.

We would like to register other KYC details such as email id, mobile number, specimen signature and nomination. Your present status of each requirement is provided in KYC form. In this context, we request you to kindly fill in the details as mentioned in KYC form and forward the same along with all the supporting documents considering the below mentioned points.

A. For updating PAN of the first registered and/or joint shareholders :

- Self-attested legible copy of PAN card (exempted for Shareholders from Sikkim)

B. For updating Bank Account details of the registered shareholder:
